In July 2007, the Victor Cullen Center (VCC) reopened under state administration as a regional committed treatment center. VCC is a secure facility for delinquent males ages 15-18 in a six- to nine-month treatment program for mental health issues and/or substance abuse. VCC was originally a sanatorium for tuberculosis patients named after the physician in charge of the institution, Dr. Victor F. Cullen. Presently, DJS oversees the treatment/residential programs while the Maryland State Board of Education oversees the education program. The Center implements CHALLENGE, a behavioral management program that establishes structure for an environment of respect and fairness conducive to treatment and rehabilitation. This includes reinforcing appropriate coping behaviors, providing group interventions in community problem-solving and pro-social skills, and offering opportunities to expand vocational and educational competencies. Behavioral health services include individual, group and family psychotherapy, psychiatric services including medication assessment and management, and emergency psychiatric/crisis intervention. Substance abuse services are also provided on multiple intensity levels dependent upon the youth's assessed need.
